Salute to Color

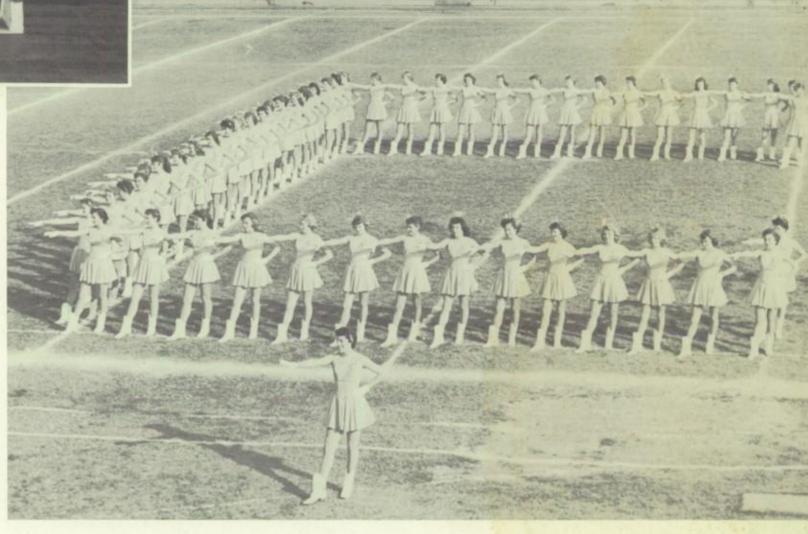

Remember the colorful Christmas parade . . . and the sparkle and excitement of the "Winterland Rhythm."

Those crazy Charleston cuties — wow!

What a glittering scene the drill team made, and remember the excitement when the crowd learned who was queen?

Color Day at Compton High everyone was wearing the
"blue and grey" that day

Foreword

After his graduation from Compton high school, John Smith found himself being confronted by numerous questions from a fellow graduate.

This inquisitive fellow put before poor John such stumbling blocks as: Now who was our student body president? What was that Spanish teacher's name we had so much fun with? Who were some of the members of that club we were in? Who were the song and yell leaders? Now what's her name, you know, she was on the drill team? Who quarter-backed our terrific football team? Do you remember, John? Was John able to answer these questions? Yes. He left the room, and as he re-entered, John's friend noticed that he was carrying a colorful book of blue and grey. "What's that?" John's friend questioned. "What else," answered John, "my El Companile. Now please repeat those questions."

El Companile

"El Companile," our annual's title, has many meanings

With historical, geographical, and modern connotations -

To know its history, we must travel back in time

Somewhere to the seventeen hundreds

When our city was first settled by the English Compton family.

Our national language is English — thus with C-O-M-P-

We have the first four letters of our annual's name.

Many Spanish speaking people reside in our community

The "El" for our annual's title gives recognition to them

To their vital contribution in our community.

A-N-I-L-E comes from the ancient word Campanile meaning bell tower

And we have a bell tower on our campus.

Therefore, "El Companile" combines

The history of old Compton,

The music of the Spanish language,

And the constant reminder of our bell tower and chimes.

COLOR DAY - WHAT FUN

"Woe is me," wails the Lynwood Knight after Terry Tarbabe covered him with blue and grey paint, and then ran back to Decker gym to climax an exciting day with a basketball victory. The Third Annual Color Day was filled with events planned by the ASB Council. The CHIMES came out in blue and grey, each loyal Tarbabe wore blue and grey, the Tarbabes defeated the Knight 60 to 43 and the whole colorful day ended with a sports dance under blue skies and silver stars.

It is said that all good things must come to an end, and we of the El Companile staff do not wish to dispute this time honored standard, thus these closing words are being written.

We also realize that although our part in the production of this volume is completed, the book will live. Since our memories alone are incapable of holding all the aspects of the 1955-56 school year, the book will live. The book will live until it is consumed by some hungry old trunk stuck in a far corner of an attic. Even then the book is not dead. While trapped in this dark and musty old prison it attains a terrific amount of potential energy, which, when re-opened, bursts out in a maze of colorful and precious memories.

A book which has required so much attention, time, and effort of both the El Companile staff and art staff, must live, in all fairness to us.

This completed volume not only represents the goals and achievements, friendships and events during this past school year, but it also represents untold hours of hard and tedious work on the part of all involved, both during and after school hours.

In sincere appreciation I would like to thank Marjorie Edmunds for fulfilling her job as associate editor and for her major part in the success of this book and Jeanette Hanson, Dorothy Stratford, Lydia Garcia, Don Thompson, Bob Goff, Arnold Gregory and Jim Jackson, for working together as a unit to get the work done.

I would like to thank, on behalf of the El Companile staff, the art staff, under the able supervision of Mrs. Delight Hoffman, for their fine work on the division sheets and throughout the annual.

The staff of the Yearbook House, Monrovia, our publisher, and Chris Myron Studios, our photographer, also deserve our gratitude for sharing with us their knowledge and making things easier.

From the beginning layouts up to this finished product which you now hold, numerous problems arose which never would have been solved without the guidance of Mrs. Viola Bagwell. When in need of a push, Mrs. Bagwell was always there to give us the push we needed to meet the all important deadlines. Each and every one of us on the staff of the 1956 El Companile, to compensate for the many headaches which Mrs. Bagwell must have experienced from our mistakes, would like to say in a most sincere manner, THANKS!
